Transmittal # 01-13

Protection

Agency

Date Signed: SEP 16 2013

Region 5

REGION 5 DELEGATIONS MANUAL

Purpose. This transmittal provides material for the Region 5 Delegations Manual.

Explanation. Several Region 5 delegations relied upon by the Underground Injection Control (UIC) Branch have been revised. The revisions are necessary to streamline UIC work in the Water Division (WD), so that final agency actions such as permit approvals will be reserved for the WD Director, but routine and other administrative tasks will be assigned to the UIC Branch Chief to the extent allowed by the U.S. EPA Headquarters Delegations and the Code of Federal Regulations (CFR). The revisions also better reflect the current workflows and organization in the UIC program.

Filing Instructions. Post receipt of this transmittal on the checklist of EPA transmittals in the Region 5 Delegation Manual.
